

THOMSON REUTERS STREETSIGHT

BUILD BETTER RELATIONSHIPS, INCREASE ORDER FLOW, STAY INFORMED

Sales and Trading professionals require comprehensive tools to build stronger relationships, to increase trade order flow and to stay informed on trading activity and ownership trends. StreetSight provides these tools with the timeliest and most accurate intelligence available.

WHY STREETSIGHT?

Institutional Sales

- Provide the best service possible to your clients and prospects
- Better position yourself to the buy-side
- Prioritize your client and prospect calls efficiently

Sales Traders

- Increase order flow
- Identify which of your accounts and prospects are holding a stock you are trading

Money Managers

- Identify global insider ownership and transaction history

PRODUCT FEATURES

- **Account Coverage Assignment**– assign coverage to accounts at an institutional or fund level. Define an unlimited number of primary, secondary account responsibilities across three functional levels (sales, trading and research)
- **Peer Analysis** – gain intelligence on an account's activity in your target stock as well as in the comparable or peer stocks
- **Focus List And Cross Functionality** – get a prioritized call list by generating a report of holders sorted by greatest ownership across a group of stocks
- **Ownership History** – identify if your client or prospect has been scaling in or out of an equity or basket of equities

Description: Transocean Inc., The Group's principal activity is to provide offshore contract drilling services for oil and gas wells. As of 02-Feb-2007, the Group owned and operated 82 mobile offshore and barge drilling units, fleet consisting of 33 high-specification semi-submersibles and drillships floaters, 20 other floaters, 25 jackup rigs and 4 other rigs. The Group provides the drilling rigs, related equipment and work crews to its customers primarily on a dayrate basis to drill offshore wells. The Group also provides services in technically demanding sectors of the offshore drilling business with particular focus on deepwater and harsh environment drilling services. The Group operates in the U.S. Gulf of Mexico, Trinidad, Canada, Brazil, North Europe, the Mediterranean and Middle East, the Caspian Sea, West Africa, India and Australia.
